

## OUR COMPANY K+W

The enthusiasm of K+W Polstermöbel GmbH + Co. KG is not only determined by our products, but also by the company's history, which has been shaped by inventors, pioneers and designers.

Since the company was founded in Lichtenfels in 1799, we have developed from a former basket maker to one of the leading upholstered furniture and dining room manufacturers in Europe. We have been a member of the Himolla Group since 2007. With the Silaxx® brand, we have advanced to become the market leader in the dining sector.

Thanks to our own development, creativity and passion, we are a flexible partner for our customers and a trendsetter at the same time. Because of our global sales network, we have become an international player in the upholstered furniture industry.

## GLOBAL PLAYER

Today, K+W Polstermöbel GmbH + Co. KG is represented with around 500 employees at production and storage facilities throughout Europe.

We see opportunities in new trends and developments - for the product, industry, society and customers. For this reason, we are constantly aligning our strategy to future challenges.

Times are changing. And so are we.

## RESPONSIBILITY IN GOOD HANDS

We have set ourselves the goal of managing and controlling the company responsibly and in line with the interests of our customers and employees. Affordable luxury and maximum seating comfort are part of our customer experience. Please note that detailed advice and the sale of our models are exclusively carried out by our trading partners.

Good advice, comprehensive service and trustful cooperation with our customers require a qualified and motivated workforce. Employees who are willing and able to act on their own responsibility are the guarantee for the success of our company.
